REPORT OF Trustees of the Public Library

The Trustees of the Public Library, in making this, their twenty-third annual report to the town, desire to say, that the new heating apparatus installed last year has proved adequate for all the purposes for which it was intended, and is eminently satisfactory.

During the year the electric lighting system has been extended to the basement, an extension much needed, and the same is proving ample for all the purposes for which it was installed. The expenses for this have been met by the trustees, as have the expenses of all the improvements, restorations and renewals heretofore made or had, i. e., from the annual appropriations made by the town for the care and maintenance of the library and grounds.

An Article, (Article 19) will be noted in the present warrant for the annual town meeting, asking for the repair of the main entrance to the library building, and the approaches thereto.

Whilst it cannot be said in truth, that the lives or the limbs of the patrons of the library are seriously menaced at this moment, yet such might well be the case except for the watchful care of the trustees. At

the same time conditions are existing that shock our civic pride and evidence a lack of business forethought in protecting the public property.

The amount of appropriation required for this purpose will be too large for the trustees to assume without seriously embarrassing the proper work of the library for many years to come.

Again do we have to report that by far the greater number of volumes placed upon the shelves have come from private sources, the most notable for the year being a complete set of bound volumes of the Congressional Record, from Hosea W. Brigham, Esq.

That we do not ask for a more liberal appropriation for the library work proper is not that we could not use it to great advantage, but because we are impressed with the burdensome tax rate our people are suffering from at the present time.

Report of Superintendent of Schools

To the Board of Education, Winchester, N. H.

I hereby submit my third annual report as superintendent of the schools of Winchester. The statistics are for the school year ending July 15, 1914 and for the fall term ending December 18, 1914.

We have a body of teachers of character and capacity, all of whom are doing their work with a diligence and a devotion worthy of high commendation.

The village schools have a school year of thirty-six weeks, the rural schools had a school year of thirty-two weeks, but to more fully equalize the school advantages of our children, the Board, at the July meeting voted to increase the school year of the rural schools to thirty-four weeks.

The whole number of teachers employed for the school year for 1913-14:

In the high school,	2
In the village elementary schools,	5
In the Ashuelot schools,	4
In the mixed schools,	6
Special teachers,	0

Total,	17
--------	----

During the summer came the resignations of Miss Doris T. Hildreth, Miss Bertha Ames, Miss Grace Whipple, Miss Inez M. Russell, Miss Edith A. Fletcher and Miss Marion E. Firmin. Four of these resigned to accept more lucrative positions, two of them to take needed rest.

The vacant positions were filled by the election of Miss Maude Styles, Miss Gertrude L. Pierce, Miss Gertrude Woodward, Miss Anna Eaves, Miss Marjorie Read and Miss Helen J. Ober.

Owing to the increased number of school children, the Forest Lake school, which had been closed for several years, was reopened in September with an enrollment of 15 pupils, in charge of Miss Velma Barker of Marlboro, as teacher.

The whole number of different pupils for the school year is 412, the whole number who have attended at least two weeks is 409, 215 boys and 197 girls. Of these 33 (12 boys and 21 girls) attended the high school. The average daily attendance was 330.2. The per cent of attendance was 93.58.

Number of pupils under five years of age	3
“ between five and eight years	113
“ “ eight and fourteen	208
“ “ fourteen and sixteen	59
“ over sixteen years of age	16

During the fall term I made 101 visits to the Winchester schools.

Incidentally I would call attention to the most excellent record in attendance of the children of Miss Watson's school during the long term just closed. Neither an absence nor a tardy mark having been recorded against any pupil for the period of fourteen weeks. It is a special pleasure to bear witness to the commendable spirit that prevails among the pupils of this school in their efforts to make the most of their school privileges. Furthermore they are to be congratulated upon the good health and home care that have made perfect school attendance possible for them. The total record for all the schools is markedly good, only one record being less than ninety-two per cent.

REORGANIZATION

A change has been made in the organization of the elementary schools, Formerly the schools were

organized on the basis of nine years. Originally I think this was the practice throughout New England, but in recent years owing to a better understanding of the educational needs of the child there has been a marked tendency to reduce the elementary course to eight years, and indeed, in several notable instances, to seven years. At present there are in New Hampshire out of some 257 school districts less than twenty whose elementary course is more than eight years.

Moreover on a nine year basis it was found difficult to conform to the State course which provides an eight year course.

The children in the village were two years completing the first grade with the result that children were normally ten years completing the elementary grade work, and the teacher of that grade was attempting the impossible in trying to properly instruct fifty or more first grade pupils.

Accordingly the teachers early last year were directed to give special attention to the pupils of grades one and eight with a view to their double promotion. The result of these efforts is indicated by the fact that 32 pupils were promoted to the second grade in the village, eight of whom in the fall were found capable of doing third grade work and were accordingly promoted to that grade. Eight pupils from the eighth grade at the village and two eighth graders at Ashuelot were promoted to the high school in June.

This change not only brings us into line with the general practice in the State, but also tends to greater efficiency and increased economy in educating the child.

Respectfully submitted,

ANDREW P. AVERILL.

CORA S. MORSE

ALEXANDER F. PEIRCE

Board of Education.

Winchester, N. H., Feb. 24, 1915

We the undersigned, auditors for the school district of Winchester, hereby certify that we have examined the accounts of the Board of Education and find them correct, showing the financial condition as stated above.

WILLIAM E. JOHNSON,

JOHN P. BALL,

Auditors.

STATE OF NEW HAMPSHIRE,

[L. S.]

CHESHIRE, SS.

*To the inhabitants of the School District of
Winchester, qualified to vote in district affairs.*

Greeting:—

You are hereby notified to meet at the town hall in said district on Saturday, March 13th, 1915 at one-thirty o'clock in the afternoon to act on the following subjects:

ARTICLE 1—To choose a moderator for the ensuing year.

ART. 2—To choose a clerk for the ensuing year.

ART. 3—To choose a treasurer for the ensuing year.

ART. 4 To elect a member of the Board of Education to serve for three years.

ART. 5 To hear reports of agents, auditors or committees heretofore chosen, and pass any vote in relation thereto.

ART. 6 To choose agents, auditors or committees relating to any article embraced in this warrant.

ART. 7—To see how much money the district will vote to raise for the support of schools for the ensuing year.

ART. 8—To see how much money the district will vote to raise for the purchase of text books and supplies for the ensuing year.

ART. 9—To see how much money the district will vote to raise for the repair of schoolhouses the ensuing year, or act thereon.

ART. 10—To see if the district will instruct the Board of Education to hire a janitor for the schoolhouse in old district No. 3 and prescribe his duties, raise money therefor or act thereon.

ART. 11—To see how much money the district will vote to raise for the transportation of scholars, or act thereon.

ART. 12 To see if the district will vote to have application made to the Superior Court for a decree authorizing the use of \$8,000.00 and its accumulated income as bequeathed to the town by Julia B. Thayer and of all or part of the share of the residue of her estate with its accumulated income as also bequeathed by her to the town, all in connection with educational purposes for or towards the erection of a new general high and grade school building in the town, including the purchase and grading of the lot and the furnishing of the building, of which said \$8,000.00 and its income shall be devoted only to the high school part thereof.

ART. 13. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-fifth day of February 1915.

ALEXANDER F. PEIRCE,
MAURICE E. PARTRIDGE,
